REFRACTOR TELESCOPES

70/900 MPM REFRACTOR

Art.No.: 9071000 / 9071001

- High quality refractor telescope
- Mount: MPM (Multi-purpose mount) for observing in alt-azimuth and equatorial mode
- Magnification: 45x-337x (max. recommended: 140x)
- Incl. 6x25 Viewfinder, 1.5x Erecting lens, zenith mirror, Rotatable star map
- 9071001: WIFI Camera included

MPM: MULTI-PURPOSE Mount

The Multi-purpose mount can be used in azimuthal mode (for terrestrial observations) or in equatorial mode (for astronomical use). Despite its versatility, the MPM mount is extremely flexible, compact and lightweight for easy handling.

Art.No.: 9071001 comes with WIFI Camera included.

MPM mount for easy and precise guidance.

National Geographic Partners LLC

National Geographic Partners LLC (NGP), a joint venture between The Walt Disney Company and the National Geographic Society, is committed to bringing the world premium science, adventure and exploration content across an unrivaled portfolio of media assets. NGP combines the global National Geographic television channels (National Geographic Channel, Nat Geo WILD, Nat Geo MUNDO, Nat Geo PEOPLE) with National Geographic's media and consumer-oriented assets, including National Geographic magazines; National Geographic studios; related digital and social media platforms; books; maps; children's media; and ancillary activities that include travel, global experiences and events, archival sales, licensing and e-commerce businesses. Furthering knowledge and understanding of our world has been the core purpose of National Geographic for 131 years, and now we are committed to going deeper, pushing boundaries, going further for our consumers ... and reaching millions of people around the world in 172 countries and 43 languages every month as we do it. NGP returns 27 percent of our proceeds to the nonprofit National Geographic Society to fund work in the areas of science, exploration, conservation and education.
